

Refine Medical Spa and Laser Center is Northwest Indiana's leading provider of laser aesthetics, skin rejuvenation and anti-aging solutions. Your Refine experience begins with a complimentary consultation and skin analysis using Profect® state-of-the-art imaging system. A custom skin care program will be created to meet your individual needs.

We are experts in the latest and most advanced skin treatments available including painless laser hair removal, cellulite reduction, photorejuvenation, Lipodissolve, Botox®, Juvederm™, and Restylane®. Enjoy your services in our relaxed, comfortable environment. Our goal is to help you look and feel your best.

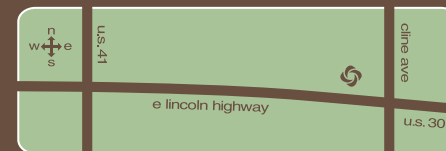

Our staff of highly trained professionals including on site physicians and licensed aestheticians will ensure you receive the best possible results and surpass your expectations.

botox®

BOTOX® Cosmetic is a simple, nonsurgical, FDA approved, physician-administered treatment. It temporarily smooths moderate to severe frown lines and facial wrinkles in people from 18 to 65 years of age.

restylane® / juvederm™

Restore your skin's volume with these FDA approved natural dermal fillers. Correct lower facial wrinkles and folds while enhancing the definition and fullness of your lips.

medical grade skin care products

Refine carries premium skin care products by Neocutis and SkinCeuticals® that allow you to maximize the benefits of our procedures. These products treat your skin at the cellular level with powerful antioxidants and growth factors proven to reduce the appearance of fine lines and wrinkles.

for the skin

laser hair reduction

Our Smooth as Silk procedures use the most advanced hair removal lasers on the market. Mediostar XT laser pre-cools the skin for your comfort. Rediscover skin that's silky smooth.

vein treatment

Remove unwanted veins utilizing the latest laser technology or sclerotherapy. Age, pregnancy and genetics can all take their toll on your legs. Learn to love them again by treating yourself to a series of treatments designed especially for you.

for the body

cellulite reduction

Treat unsightly cellulite in your glutes and the front and back of your legs with our unique Acoustic Wave Therapy™ (AWT). AWT™ uses European technology to release gentle pulses that stimulate the connective tissue in your legs. After treatments, you'll experience a refined improvement in your skin's appearance.
